# Kim Jagers

God has opened doors for Kim Jagers to minister to women as a speaker, writer and ministry leader. Kim loves Jesus with all her heart and has a passion for others to develop a real, run-to-Him relationship and crave God's Word, as she does..."more than chocolate." Kim has spoken at numerous women's events across the country and authors a weekly devotional entitled "Single Moment" which is now being received all over the world. She has served as a guest blogger for Lifeway's Women Reaching Women blog. Kim's compelling story was recently featured for four days on Nancy Leigh DeMoss' international radio program "Revive Our Hearts". She is the founder of The Well ( a ministry for Single Moms and their families) featured in the March 2011 Lifeway Magazine "Home Life" which is now being replicated in many churches. She lives and laughs often with her family in Lenoir City, Tennessee.

# Regina Brummell

Regina Brummell, known for her colorful range and skilled a cappella singing style, has blessed audiences since her late teens with her rich singing voice. Regina says that she learned to love traditional spirituals as she listened to her mother sing them around the house and in church choirs. Once given the opportunity to try out for a solo at church, others recognized her gift of singing and her repertoire broadened to other kinds of Christian music. Regina has been selected again and again to sing at special events, conferences and churches including the family church of the late Dr. Martin Luther King Jr. Her joy is to give praise to her Lord and Savior and to share her love for Him with others as she witnesses in word and through music.
